

Casa Comfort Plus

Price (inc delivery & set up by
trained engineers)
£1099

The Casa Comfort Plus in natural beech and with unique wood frame panelling stands out thanks to its friendly and attractive design.

This exceptional bed meets all requirements for either the homecare of nursing home sectors. Patient needs can be met through the different bed sizes available and adjustability of the mattress support.

The adjustable 4 – section mattress support and the height adjustable bed lift are controlled by means of a handset to provide optimum comfort without placing any strain on the body. Easy to fit, sturdy side rails and a drive system in accordance with the relevant standards offer top class safety features, side rail end caps will be fitted as standard on the wooden side rails.

The Casa Comfort Plus stands on four cylindrical legs which guarantee maximum bed stability. The castors integrated in the cylindrical legs can be extended as required at the push of a button so that the bed can be moved to the desired position.
