

Casa Med Maxi

Price (inc delivery & set up by
trained engineers)
£1940

These unique bariatric beds with attractive design in natural beech meet all the requirements for our larger clients.

Our many years of experience from research and development in the field of special bed design are incorporated in these two bariatric beds.

These beds were designed on the basis of this know how and our customers requirements. The newly developed Casa Med Maxi Plus are characterised in particular by the reinforced frame components and sturdy side rails and combine maximum stability with lightweight design.

The Casa Med Maxi is designed for client weights up to 250kg

The Casa Med Maxi Plus is designed for client weights up to 400kg
