

# Oxford TV Bed

This is the latest style in adjustable beds incorporating advanced technologies which allow a flat screen LCD T.V. to raise from the bottom of the bed, imagine the luxury and style pressing a button on either side of the bed to raise an integral T.V. You can automatically adjusted the bed by the press of another button to the most comfortable position on earth the "semi fowler position" (slightly raised at the head-end and foot-end).

There is room for a DVD player at the side of the bed so you can watch your favourite movies in total luxury.

This bed comes with a full **5-year warranty** (excludes TV). Unlike some other companies, we only sell beds made from the best quality materials and as with all our adjustable beds if you are not totally satisfied with your purchase within 7 days we will fully refund you the cost of the bed.
