Electric Adjustable Divan Beds

See page 56 for more information on the different mechanisms available.

Build your own bed...

Most of our divan beds come with our standard adjustable mechanism but you can have our Ultimo*, Carers' Hi-Low* or Slide Back mechanisms installed into any of our beds.

Simply choose these 3 main components...

- 1. Type of surround**
(Divan, Wooden, Leather or Metal)
- 2. Type of mechanism**
(Standard, Ultimo, Carers' Hi-Low or Slide Back - See page 56 for options)
Please add 1 inch to the bed height if opting for a slide back mechanism or 1½ inch for the Hi/Low & Ultimo Mechanism.
- 3. Type of mattress**
(See pages 54-55 for mattress options)

* Excludes Chatsworth & Huntington TV bed

Standard Adjustable Mechanism

Ultimo Mechanism

Carers' Hi-Low Mechanism
(profiled, top and flat bottom)

Allows for 10 inches more movement backward than the standard mechanism.

Slide Back Mechanism

Brompton

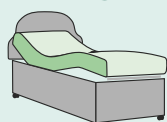

"My wife has a severe back problem, we found Laybrook had all the answers"

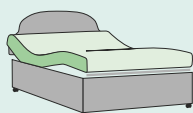

AVAILABLE SIZES

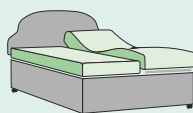

Single

Double

Dual

The main picture shown is a dual bed. The bed also comes in a single and double. Single and double beds have one mattress. A dual bed has two mattresses which allows independent movement.

The Brompton bed is upholstered in a beautiful Ruby Port faux suede material, making this bed modern and stylish.

This bed comes with a Q-flex mattress and a full 3-year guarantee. Unlike some other companies, we sell beds made only from the best quality materials. As with all of our adjustable beds, you can sleep on it for up to 7 nights and if you are not totally satisfied, we will fully refund the cost of the bed or exchange your mattress free of charge.*

Laybrook beds are also fully installed by our trained engineers included in the price.**

Colour

The colour of this divan bed surround is ruby port.

Chatsworth

"The Laybrook team are wonderful. They are very kind and caring and bent over backwards to help me."

A high quality bed with a choice of mattress and stitched on cover.

This bed has style and quality for a price that is unbelievable. This original adjustable bed is still a cut above any flat bed. It comes with a Q-flex mattress included.

The bed pictured above is shown with a half divan surround. The legs raises' the surround 7 inches from the floor, providing lots of storage space.

Colour

The colour of this divan bed surround is beige.

Mattress Options (see pages 54 & 55)

Q-flex, Standard Sprung, Memory Foam, Firm Edge Memory, Firm Edge Q-flex, Superior Sprung or Memory Sprung. Massage system available in all non-sprung mattresses.

Sizes

Available in 3ft, or 4ft 6.

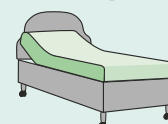

Bed Height (from floor to top of mattress)

Our standard bed height is 22½ inches from the floor to the top of the mattress (like most beds). To make sure the height of your new bed is correct, before ordering, please measure the height of your own bed first.

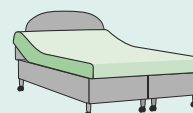

The Carers' Hi-Low mechanism, Ultimo frame, leg lifter or grab ring are not available with this bed.

(Special orders can be made to any height or length. Restrictions may apply)

Bed Height (from floor to top of mattress)

Our standard bed height is 23 inches from the floor to the top of the mattress. To make sure the height of your new bed is correct, before ordering, please measure the height of your own bed first.

If you change the specification of the bed it will be a special order (non stock item) and will take up to 1 week longer to make and deliver.

*Terms and conditions apply, see page 57 for details. **Excludes Chatsworth – Certain areas of the UK a delivery charge may apply, please contact our sales team on 0808 134 9359 for further information.

Mitford Carers' Hi-Low

see **page 43** for more carers beds

This bed has been specifically designed for a person who requires carers.

The design allows for a person to be turned in bed at a comfortable height. It also assists the person to stand up from a seated position on the edge of the bed, in much the same way as a rise and recline chair works. Only the middle (flat) section can be used to assist standing whilst the bed is in its profiled position.

The mechanism can be raised and stopped at any point up to 18 inches from the starting height. It can be raised flat/horizontal for turning a patient or it can be raised in a profiled position (head and/or foot elevated).

The Carers' Hi-Low Mechanism can be installed into most of our adjustable bed surrounds. (Excluding Chatsworth & Lymington & Huntington TV Bed) see page 56 for details. Laybrook beds are also fully installed by our trained engineers, included in the price'.**

Colour

The colour of this divan bed surround is beige.

Mattress Options (see pages 54 & 55)

Accessories for Divan Beds

Wireless Backlit Remote

Upgrade your wired remote to the wireless remote control. The wireless remote lights up when any button is pressed to illuminate the control in the dark. It also works on a radio frequency so you don't have to point it towards the receiver box to make it work.

Massage System

The Laybrook adjustable bed system can incorporate a 5- point variable massage system imbedded deep into our luxury foam mattresses. (Not available in sprung mattresses).

Under Bed Lights

These innovative lights automatically turn on when you lower your feet over the side of the bed. Two lights are provided, one for the side of the bed and one for the end. Set the lights to automatically turn off between 30secs & 5mins.

Grab Ring (for adjustable beds)

The Arena Grab Ring attaches to the side of the surround so that it stays static when you get in and out of bed, unlike standard grab rings which fit between the mattress and the base of the bed.

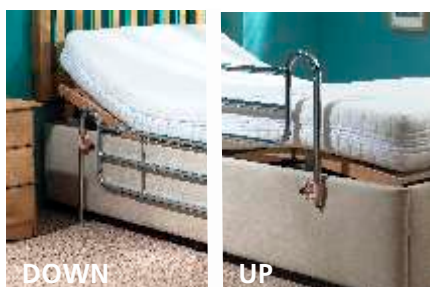

Bed Height Adjustment

Our standard bed height is 22½" from the floor to the top of the mattress (like most beds). We can, however, adjust the standard bed height to a height of between 18" and 28" (Restrictions apply)

Mattress Side Retainers

Occasionally mattresses can be moved due to disturbed nights or if the bed is too high to get into. These retainers will help to stop any sideways movement of the mattress.

Cot Side

These cot sides for adjustable beds can be fitted to any of our divan style beds. They are specially made for our adjustable beds as they fit to the side of the bed, not under the mattress.

Leg Lifter

The electric powered leg lifter assists the user in getting their legs up onto the bed with the minimum of effort. As the head section is raised, it lifts the legs to stop you from falling back. (see page 57)

Blanket Cradle

Designed to protect tender feet, this cradle raises the blanket/duvet off your feet to relieve the pressure of the covers on them.

Headboards

Add style to your new adjustable bed with a great looking matching headboard, this can make all the difference to the appearance of your bed when you walk into your room. Choice of styles available. (see page 57)

Tied Pillowcase

This tied pillowcase prevents the pillow from falling forward when the back of your bed is raised.

Bedding

Beautiful sheets, pillows and mattress protectors are available for ultimate comfort in your new adjustable bed. Waterproof sheets are also available.

Electric Adjustable Wooden Beds

See page 56 for more information on the different mechanisms available.

Build your own bed...

All of our wooden beds come with our standard adjustable mechanism but you can have our Ultimo, Carers' Hi-Low, or Slide Back mechanisms installed into any of our beds.

Simply choose these 3 main components...

1. Type of surround

(Divan, Wooden, Leather or Metal)

2. Type of mechanism

(Standard, Ultimo, Carers' Hi-Low or Slide Back - See page 56 for options)

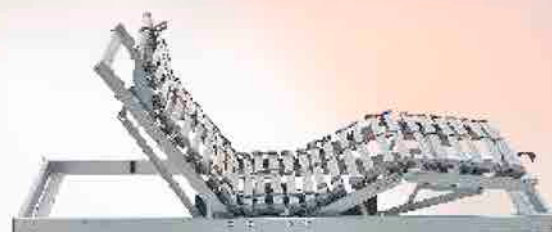

Please add 1 inch to the bed height if opting for a slide back mechanism or 1½ inch for the Hi/Low & Ultimo Mechanism.

3. Type of mattress

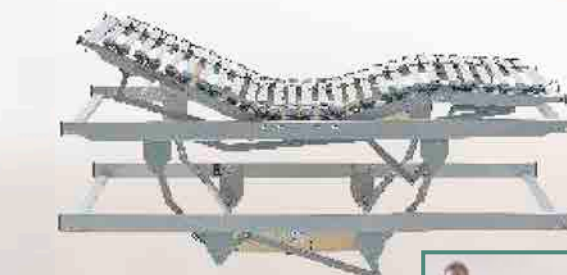

(See pages 54-55 for mattress options)

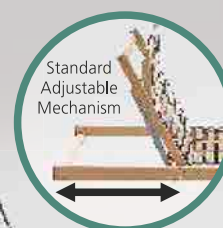

Standard Adjustable Mechanism

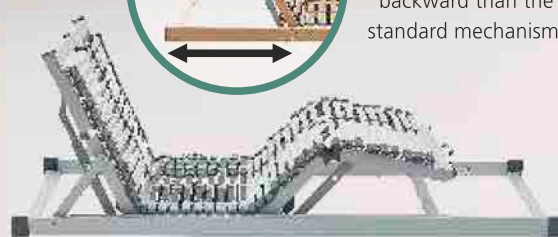

Ultimo Mechanism

Carers' Hi-Low Mechanism
(profiled, top and flat bottom)

Allows for 10 inches more movement backward than the standard mechanism.

Slide Back Mechanism

Accessories for Wooden Beds

Wireless Backlit Remote

Upgrade your wired remote to the wireless remote control. The wireless remote lights up when any button is pressed to illuminate the control in the dark. It also works on a radio frequency so you don't have to point it towards the receiver box to make it work.

Massage System

The Laybrook adjustable bed system can incorporate a 5-point variable massage system imbedded deep into our luxury foam mattresses. (Not available in sprung mattresses).

Under Bed Lights

These innovative lights automatically turn on when you lower your feet over the side of the bed. Two lights are provided, one for the side of the bed and one for the end. Set the lights to automatically turn off between 30secs & 5mins. (Not compatible with the Abbeyglen)

Grab Ring (for adjustable beds)

The Arena Grab Ring attaches to the side of the surround so that it stays static when you get in and out of bed, unlike standard grab rings which fit between the mattress and the base of the bed.*

Bed Height Adjustment

Our standard bed height is 22½" from the floor to the top of the mattress (like most beds). We can, however, adjust the standard bed height to a height of between 18" and 28" (Restrictions apply)

Mattress Side Retainers

Occasionally mattresses can be moved due to disturbed nights or if the bed is too high to get into. These retainers will help to stop any sideways movement of the mattress. (Not compatible with the Abbeyglen)

Cot Side

These cot sides for adjustable beds can be fitted to any of our wooden beds. They are specially made for our adjustable beds as they fit to the side of the bed, not under the mattress.*

Leg Lifter

The electric powered leg lifter assists the user in getting their legs up onto the bed with the minimum of effort. As the head section is raised, it lifts the legs to stop you from falling back.* (see page 57)

Blanket Cradle

Designed to protect tender feet, this cradle raises the blanket/duvet off your feet to relieve the pressure of the covers on them.

Headboards

Add style to your new adjustable bed with a great looking matching headboard, this can make all the difference to the appearance of your bed when you walk into your room. Choice of styles available. (see page 57)

Tied Pillowcase

This tied pillowcase prevents the pillow from falling forward when the back of your bed is raised.

Bedding

Beautiful sheets, pillows and mattress protectors are available for ultimate comfort in your new adjustable bed. Waterproof sheets are also available.

Electric Adjustable Leather Style Beds

See page 56 for more information on the different mechanisms available.

Build your own bed...

All of our leather beds come with our standard adjustable mechanism but you can have our Ultimo, Carers' Hi-Low*, or Slide Back mechanisms installed into any of our beds.

Simply choose these 3 main components...

1. Type of surround

(Divan, Wooden, Leather or Metal)

2. Type of mechanism

(Standard, Ultimo, Carers' Hi-Low or Slide Back - See page 56 for options)

Please add 1 inch to the bed height if opting for a slide back mechanism or 1½ inch for the Hi/Low & Ultimo Mechanism.

3. Type of mattress

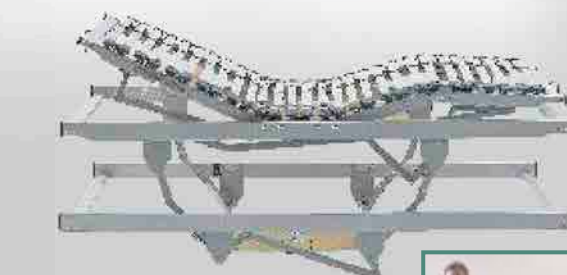

(See pages 54-55 for mattress options)

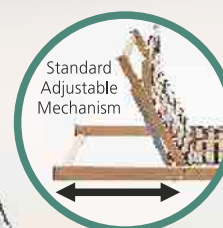

Standard Adjustable Mechanism

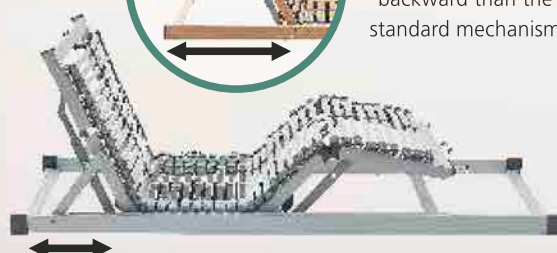

Ultimo Mechanism

Carers' Hi-Low Mechanism
(profiled, top and flat bottom)

Allows for 10 inches more movement backward than the standard mechanism

Slide Back Mechanism

Cabra

Accessories for Leather Style Beds

Wireless Backlit Remote

Upgrade your wired remote to the wireless remote control. The wireless remote lights up when any button is pressed to illuminate the control in the dark. It also works on a radio frequency so you don't have to point it towards the receiver box to make it work.

Massage System

The Laybrook adjustable bed system can incorporate a 5-point variable massage system imbedded deep into our luxury foam mattresses. (Not available in sprung mattresses).

Under Bed Lights

These innovative lights automatically turn on when you lower your feet over the side of the bed. Two lights are provided, one for the side of the bed and one for the end. Set the lights to automatically turn off between 30secs & 5mins.

Grab Ring (for adjustable beds)

The Arena Grab Ring attaches to the side of the surround so that it stays static when you get in and out of bed, unlike standard grab rings which fit between the mattress and the base of the bed.

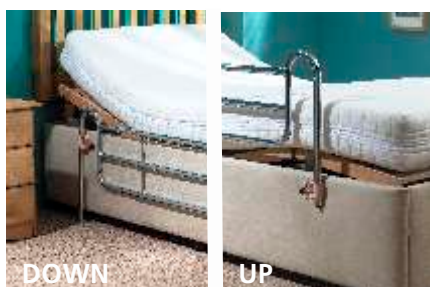

Bed Height Adjustment

Our standard bed height is 22½" from the floor to the top of the mattress (like most beds). We can, however, adjust the standard bed height to a height of between 18" and 28" (Restrictions apply)

Mattress Side Retainers

Occasionally mattresses can be moved due to disturbed nights or if the bed is too high to get into. These retainers will help to stop any sideways movement of the mattress.

Cot Side

These cot sides for adjustable beds can be fitted to any of our leather style beds. They are specially made for our adjustable beds as they fit to the side of the bed, not under the mattress. (Restrictions may apply)

Leg Lifter

The electric powered leg lifter assists the user in getting their legs up onto the bed with the minimum of effort. As the head section is raised, it lifts the legs to stop you from falling back. (see page 57)

Blanket Cradle

Designed to protect tender feet, this cradle raises the blanket/duvet off your feet to relieve the pressure of the covers on them.

Headboards

Add style to your new adjustable bed with a great looking matching headboard, this can make all the difference to the appearance of your bed when you walk into your room. Choice of styles available. (see page 57)

Tied Pillowcase

This tied pillowcase prevents the pillow from falling forward when the back of your bed is raised.

Bedding

Beautiful sheets, pillows and mattress protectors are available for ultimate comfort in your new adjustable bed. Waterproof sheets are also available.

Electric Adjustable Metal Beds

See page 56 for more information on the different mechanisms available.

Build your own bed...

Our metal beds come with our standard adjustable mechanism, you can have our Ultimo or Slide Back mechanisms installed into any bed. The Carers' Hi-Low mechanism can only be installed on the Lismore or Sandgate bed.

Simply choose these 3 main components...

1. Type of surround

(Divan, Wooden, Leather or Metal)

2. Type of mechanism

(Standard, Ultimo, Carers' Hi-Low or Slide Back - See page 56 for options)

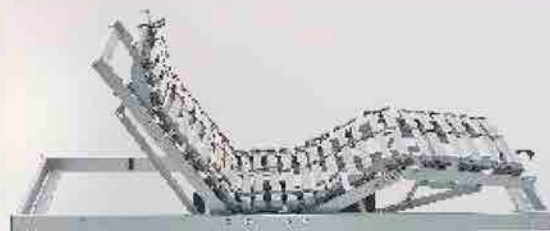

Please add 1 inch to the bed height if opting for a slide back mechanism or 1½ inch for the Hi/Low & Ultimo Mechanism.

3. Type of mattress

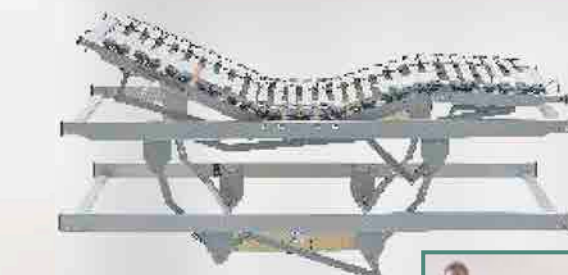

(See pages 54-55 for mattress options)

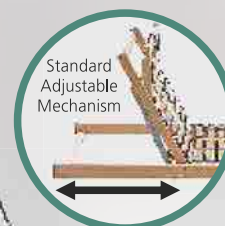

Standard Adjustable Mechanism

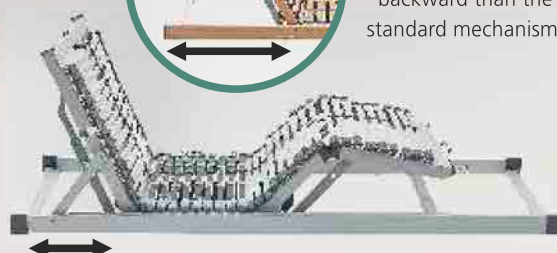

Ultimo Mechanism

Carers' Hi-Low Mechanism
(profiled, top and flat bottom)

Allows for 10 inches more movement backward than the standard mechanism.

Slide Back Mechanism

Lismore

Carers' Hi-Low Mechanism
(profiled, *top* and flat *bottom*)

Hi-Low Mechanism

The Carers' Hi-Low mechanism can be raised and stopped at any point up to 18 inches from the starting height. It can be raised in a flat/horizontal position to assist standing (pictured below) or for turning a patient. It can also be raised in a profiled position (head and/or foot elevated, pictured above).

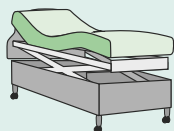

Helston Carers' Hi Low

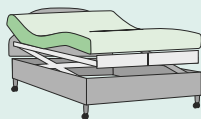

"They answered all our questions and advised us on the best bed to buy for my husband for the short and long term of his condition."

AVAILABLE SIZES

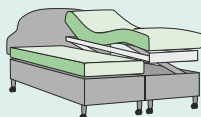

Single

Double

Dual

The main picture shown is a dual bed. The bed also comes in a single and double. Single and double beds have one mattress. A dual bed has two mattresses which allows independent movement.

The Helston dual carers' bed is ideal for those who would like to stay close to their partner.

This bed has separate motors to profile the bed at the head end or the foot end, and again separate motors to vertically raise the bed up to 18 inches from the starting position (standard height 24 inches).

Our new profiling carers' bed can be raised flat for the carers' to wash or turn the patient, or it can be used to help the person stand out of the bed like a riser recliner chair (must be sat on the edge, in the middle section, of the bed). Or it can be raised whilst adjusted at the head and foot end to get a comfortable high position to look out of a window.

The Carers' Hi-Low Mechanism can be installed into most of our adjustable bed surrounds. (Excluding Chatsworth & Lymington & Huntington TV Bed) see page 56 for details.

Colour

The colour of this divan bed surround is cream.

Mattress Options (see pages 54 & 55)

Q-flex, Standard Sprung, Memory Foam, Firm Edge Memory, Firm Edge Q-flex, Superior Sprung or Memory Sprung. Massage system available in all non-sprung mattresses.

Sizes

Available in 2ft 6, 3ft & 4ft
5ft and 6ft (Only available on dual beds which will be linked)

(Special orders can be made to any height or length. Restrictions may apply)

Bed Height (from floor to top of mattress)

The minimum starting height can be 21½ inches from the floor to top of mattress.
The standard starting height is 24 inches.

- 5 part adjustable profiling with integral rise and lower facility.
- 4 motors (2 for profiling and 2 for lift).
- Vertically rises up to 18 inches from starting point.
- Weight adjuster zone in lumbar area.
- Load bearing points bolted & sleeved.
- Maximum weight capacity 25st.

*Terms and conditions apply, see page 57 for details. **Excludes Chatsworth, Lymington & Huntington TV Bed
– Certain areas of the UK a delivery charge may apply, please contact our sales team on 0808 134 9359 for further information.

Ludlow Carers' Hi Low

The Ludlow 4ft carers' Hi Low bed is ideal for someone looking for extra space to turn.

The design allows for a person to be turned in bed at a comfortable height. It also assists the person to stand up from a seated position on the edge of the bed, in much the same way as a rise and recline chair works. Only the middle (flat) section can be used to assist standing whilst the bed is in its profiled position. It can be raised flat for turning the patient as shown in the picture above, or profiled (head and / or foot elevated). The bed has a 7 inch gap between the floor and the base, which is ideal when using a bed table or a hoist.

The Carers' Hi-Low Mechanism can be installed into most of our adjustable bed surrounds. (Excluding Chatsworth & Lymington & Huntington TV Bed) see page 56 for details.

Colour

The colour of this divan bed surround is beige.

Mattress Options (see pages 54 & 55)

Q-flex, Standard Sprung, Memory Foam, Firm Edge Memory, Firm Edge Q-flex, Superior Sprung or Memory Sprung. Massage system available in all non-sprung mattresses.

Sizes

Available in 2ft 6, 3ft & 4ft

5ft and 6ft (Only available on dual beds which will be linked)

(Special orders can be made to any height or length. Restrictions may apply)

Durham Hi Low - Ultra Low

- Slide back feature
- High / Low
- Ultra Low
- Profiling

Ultra LOW, high / low profiling adjustable bed with slide back feature.

The Durham has been designed low to assist the user getting their legs into bed and will rise vertically to help them stand up out of the bed, it can also have the slide back feature keeping the user 10 inches closer to the bedside cabinet when the back is raised fully. (see page 56 for further details).

This bed comes with a full 5-year guarantee. Unlike some other companies, we sell beds made only from the best quality materials. As with all of our adjustable beds, you can sleep on it for up to 7 nights and if you are not totally satisfied, we will fully refund the cost of the bed or exchange your mattress free of charge.*

AVAILABLE SIZES

Single

Dual

Low

The pictures shown are of a single bed. The bed also comes in a dual. Single beds have one mattress. A dual bed has two mattresses which allows independent movement.

From a sleeping to standing position in one push of a button, great for getting in and out of bed.

The electric Turning Bed from Laybrook is the ideal bed for a person who wants independence. It allows the person to get from a seated position on the side of the bed and turns the bed into a flat position for sleeping. One push of the button will do a full rotation from seated to sleeping position without the need for carers. It also helps to get your legs onto the bed with the minimum of fuss and gives complete independence. For the smaller person, the low version is available.

This bed comes with a Q-flex mattress as standard and a full 5-year guarantee. Unlike some other companies, we sell beds made only from the best quality materials.

Laybrook beds are also fully installed by our trained engineers, included in the price.**

Features

- 90 degree rotation feature
- Height Adjustable for carers
- Grab Rails
- Fully Profiling
- Battery Back up
- Patient Grab Handle
- Lockable Castors
- 18st, 28st and 40st weight capacities available
- **NEW TILTING FUNCTION**
(When the bed has turned 90 degrees you now can tilt the bed like a riser recliner chair to help get in and out of the bed, not available 40st version).
- Left and Right exit available

Mattress Options (see pages 54 & 55)

Q-flex (non castellated), Memory Foam, High Risk

Sizes

Available in 3ft, 5ft6 and 6ft.

(Special orders can be made to any height or length. Restrictions may apply)

Bed Height (from floor to top of mattress)

Standard Bed height = 22.5 inches

Tilt function engaged = 20 inches

Hoist compatibility raises bed by 4 inches

Minimum user height = 4ft 6

*Terms and conditions apply, see page 57 for details. **Excludes Chatsworth – Certain areas of the UK a delivery charge may apply, please contact our sales team on 0808 134 9359 for further information.

HOW IT WORKS...

The frame takes you gradually from a flat sleeping position to a seated position. It then rotates 90° then lowers the legs. The tilt function then creates easier access in and out of the bed.

Tilt function helps to keep your feet on the floor.

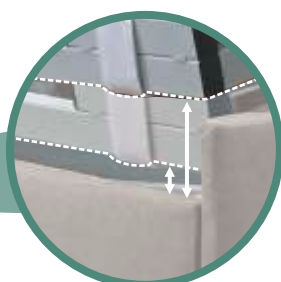

TILTING FUNCTION

The frame can tilt as well as move up and down (Hi Low), making it easier to get in and out of bed without the need for a carer.

GRAB RAIL

An integrated moveable grab rail gives extra support and stability when getting in and out of bed.

Hi-Low Mechanism

- Upto 40 stone capacity
- High-low for carers
- Pressure care mattress
- Dynamic mattress available

Lincoln Bed Chair

Brand new to the market, the Lincoln bed chair brings comfort and support.

The Lincoln chair bed benefits those who cannot manage to get into a bed, or those who sleep in a riser recliner chair. This chair reclines flat to a 2ft 6, 3ft or 3ft 6 single bed.

A four way stretch breathable material is available for pressure care, waterproofing and easy cleaning. This is available through the middle of the chair including footplate & arms with standard material on the outside of the chair. The foot extension is to support your feet on the extending footplate. This avoids having your ankle supported and your feet unsupported, which can cause drop foot and pressure sores.

The Lincoln can be used upstairs as a bed or downstairs as a bed chair and has 3 weight capacity options of 18, 25 or 40 stone (price available on request).

Colour

Large selection of fabrics available.

Mattress Options

Fixed mattress on chair. Pressure Care mattress option.

Sizes

Seat Widths:

Standard width is 26 inches (other sizes can be made to measure, with the arms lowered down, the overall width is increased by 8 inches)

Minimum seat width is 18 inches to a maximum seat width of 32 inches

Seat Depth: 18 or 20 inches (other sizes available)

Seat Height: 18 or 20 inches (other sizes available)

- Eight motor bed chair with extending foot plate
- Prevent Drop Foot, Pressure on ankles & Oedema
- High/Low for carers
- Tilt & Vertical Rise to exit chair
- Infinite Movements
- Up to 40 stone
- Up to 20 stone leg lift
- Pressure care seating option
- 2 Year Full Warranty
- Made to measure available
- Special Order

Single

The care home classic & ultra low beds are designed with comfort & safety in mind.

This is an exceptional product that offers flexibility and reliability. The 4 part section metal mechanism gives support to the mattress and flexibility to the patient.

It has two adjustment motors and a separation feature for easy transport. The head and footboards and full length side rails are wood. The 'handset' has a locking facility that maintains bed position. It also features a quick action bolt mechanism for emergency lowering, dual action headrest and knee brake adjustment to help reduce shear when profiling.

Laybrook beds are also fully installed by our trained engineers, included in the price.**

Colour

Beech.

Mattress Upgrades (see pages 54 & 55)

Accessories for Carers' Beds

Grab Ring (for adjustable beds)

The Arena Grab Ring attaches to the side of the surround so that it stays static when you get in and out of bed, unlike standard grab rings which fit between the mattress and the base of the bed.

Cot Side

These cot sides for adjustable beds can be fitted to any of our divan style beds. They are specially made for our adjustable beds as they fit to the side of the bed, not under the mattress.

Bed Height Adjustment

Our standard bed height is 22½" from the floor to the top of the mattress (like most beds). We can, however, adjust the standard bed height to a height of between 18" and 28" (Restrictions apply)

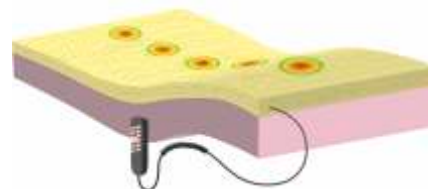

Wireless Backlit Remote

Upgrade your wired remote to the wireless backlit remote control for our range of Hi Low adjustable beds. The remote lights up when any button is pressed to illuminate the control in the dark.

Under Bed Lights

These innovative lights automatically turn on when you lower your feet over the side of the bed. Two lights are provided, one for the side of the bed and one for the end. Set the lights to automatically turn off between 30secs & 5mins.

Massage System

The Laybrook adjustable bed system can incorporate a 5- point variable massage system imbedded deep into our luxury foam mattresses. (Not available in sprung mattresses).

Anti Entrapment

Developed to prevent accidental entrapment between the mechanism. Sensors will immediately send the motors into reverse and stop to allow safe removal of any object that may get trapped.

Leg Lifter

The electric powered leg lifter assists the user in getting their legs up onto the bed with the minimum of effort. As the head section is raised, it lifts the legs to stop you from falling back. (see page 57)

Mattress Side Retainers

Occasionally mattresses can be moved due to disturbed nights or if the bed is too high to get into. These retainers will help to stop any sideways movement of the mattress.

Tied Pillowcase

This tied pillowcase prevents the pillow from falling forward when the back of your bed is raised.

Bedding

Beautiful sheets, pillows and mattress protectors are available for ultimate comfort in your new adjustable bed. Waterproof sheets are also available.

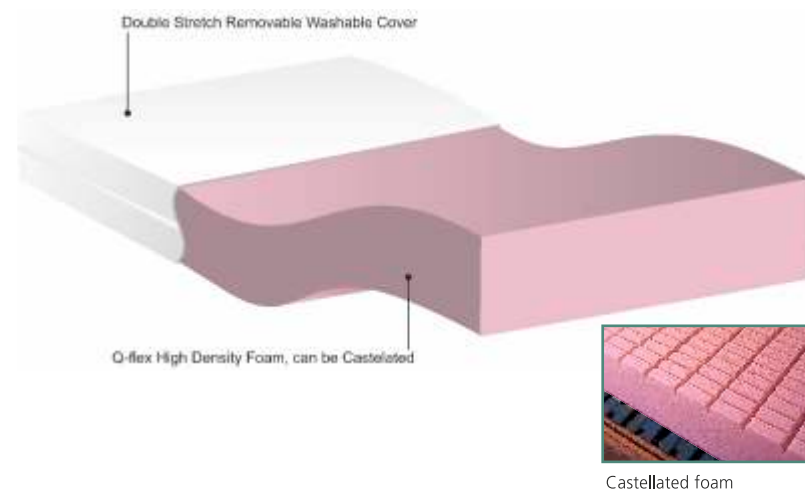

Headboards

Add style to your new adjustable bed with a great looking matching headboard, this can make all the difference to the appearance of your bed when you walk into your room. Choice of styles available. (see page 57)

Additional accessories available, see page 58

Mattress Options

Laybrook is a specialist manufacturer of adjustable beds and mattresses. All our mattresses are individually made to your specification for your weight and how you like the feel of the mattress, whether that be soft, medium or firm.

Q-flex Mattress

(FREE WITH ANY BED PURCHASE*)

The original mattress, designed for adjustable beds bends and contours easily to the base. Includes 'Cool Foam' open cell technology (which can be Castellated). The cover is a double stretch cover and is removable for washing.

Each mattress is made individually to suit the user weight in a soft, medium or firm feel. They are also Anti-allergenic, so no bed mites or bugs. It has no springs and is pressure relieving.

**Excludes classic care home bed and classic ultra low bed.*

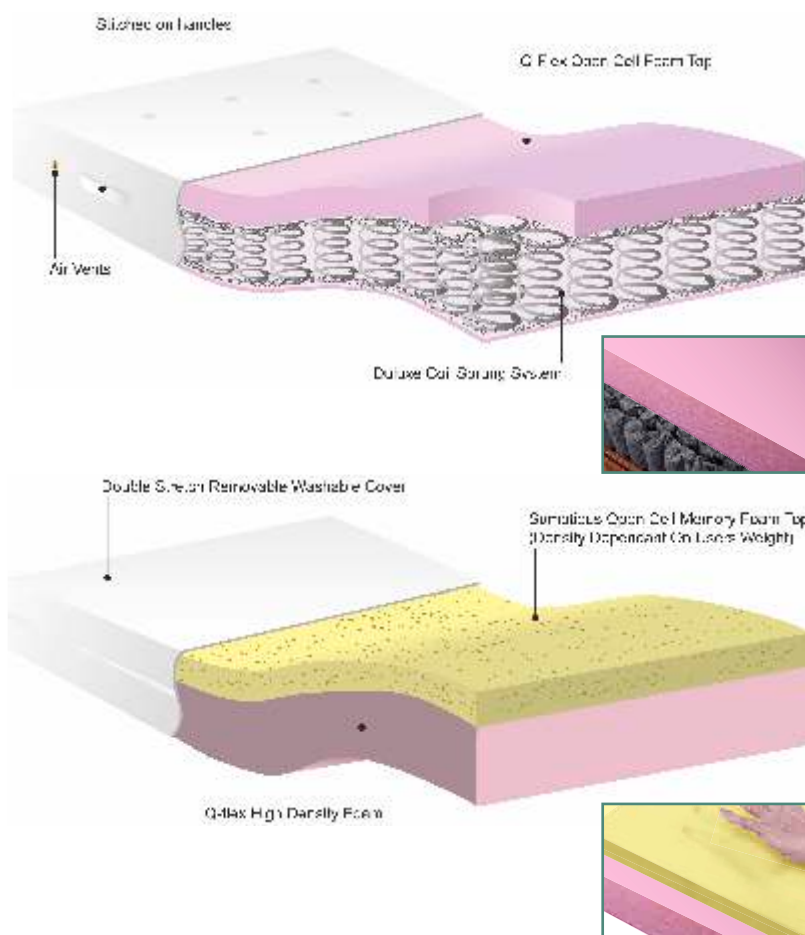

Upgrades -

Standard Sprung Mattress

A coil sprung mattress with supportive reflex foam top.

Each mattress is made individually to suit the user weight in a soft, medium or firm feel.

**Excludes classic care home bed and classic ultra low bed.*

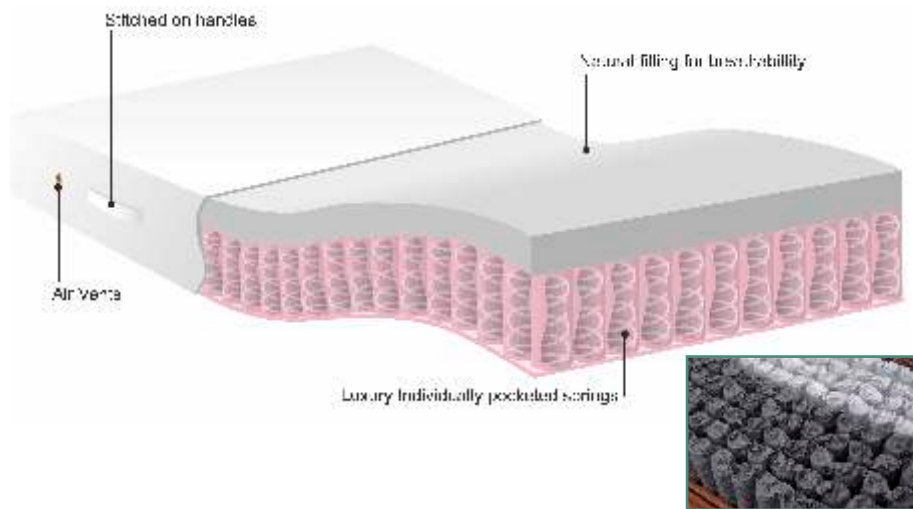

Memory 'Cool Foam' Mattress

Visco elastic or 'Memory Cool Foam' is superbly supportive and comfortable. Designed for anyone with aches and pains, it cradles your body making it a 'super supportive' mattress. It is temperature sensitive and relieves high pressure areas (shoulders and hips). It also reduces tossing and turning by upto 83%. Includes 'Cool Foam' open cell technology. The cover is a double stretch cover and is removable for washing.

Each mattress is made individually to suit the user weight in a soft, medium or firm feel. They are also Anti-allergenic, so no bed mites or bugs. It has no springs and is pressure relieving.

Firm Edge Support Memory Mattress

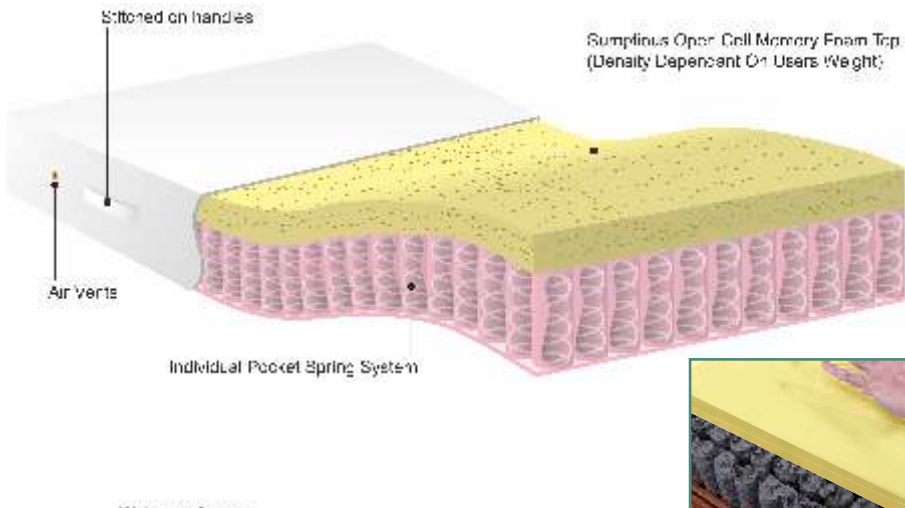

This mattress incorporates the same open cell technology as the Memory 'Cool Foam' mattress, with added edge support to help people who have little balance or feel as if they slip forward whilst sitting on the edge of the mattress. Firm edge is on one side only.

Superior Sprung Mattress

This mattress has individual springs in separate pockets (pocket sprung) and a top layer of natural fibres to keep you cool at night. The mattress sides have a 1 inch boarder of foam to keep the springs in place and let the mattress bend easily. Your own mattress may have a wire around it to keep the springs in place, they are not designed for adjustable beds.

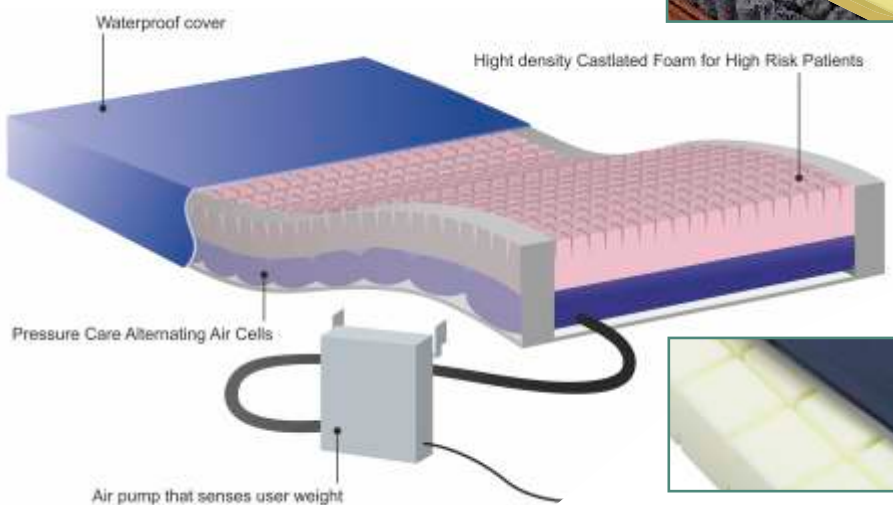

Each mattress is made individually to suit the user weight in a soft, medium or firm feel.

Memory Pocket Sprung

This mattress also has individual springs in separate pockets (pocket sprung) and a top layer of 'super supportive' Memory 'Cool Foam' (open cell technology). The mattress sides have 1 inch boarder of foam to keep springs in place and let the mattress bend easily. Your own mattress may have a wire around it to keep the springs in place, they are not designed for adjustable beds.

Each mattress is made individually for the user weight in a soft, medium or firm feel. Pressure relieving.

Alternating Air Mattress (static or dynamic)

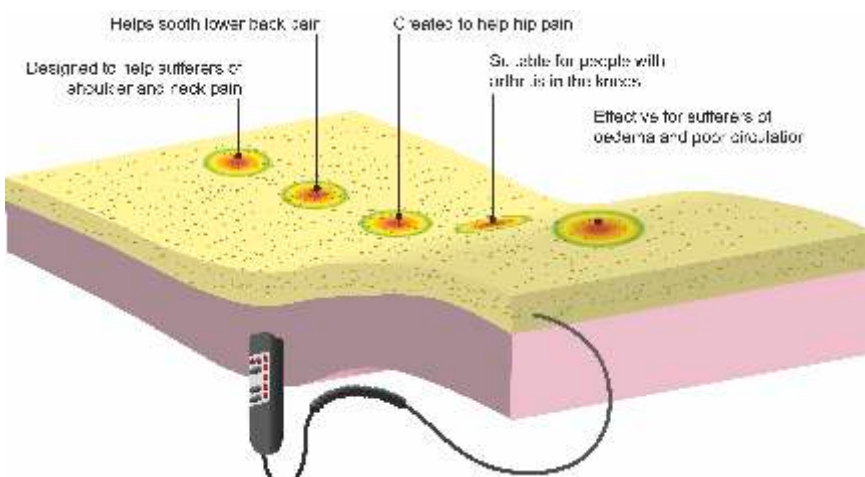

This mattress measures the user weight for maximum support. Patient comfort - no need to transfer from static mattress as this mattress is also a dynamic mattress. Simply add the pump to change to a dynamic alternating air mattress. Designed for patients with a high to very high risk of pressure sores. It has a Castlated upper layer.

Massage - Available on all non-sprung mattresses

A variable speed luxury 5-point massage system with auto cut off after 15 mins.

- Tension relieving, may be a great help for people with aches and pains, Arthritis, Oedema, circulation problems, back problems, sleeplessness, respiratory problems and many more ailments.
- Rolling (head to toe) function.
- Pulsing function.
- Memory function (one button press for last massage setting).

If you have a pace maker or diabetes or are unsure about using massage, please consult a doctor before use.

Mechanisms

Standard Adjustable Mechanism

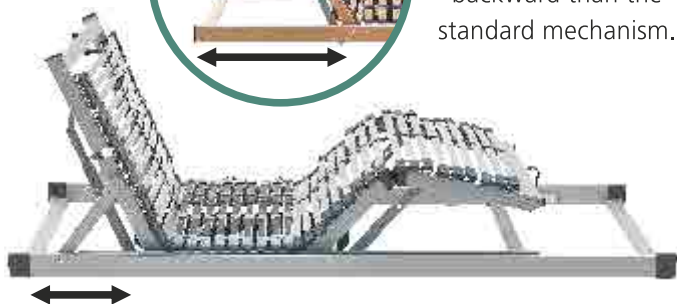

Ultimo Mechanism

Carers' Hi-Low Mechanism
(profiled, *top* and flat *bottom*)

Allows for 10 inches more movement backward than the standard mechanism.

Slide Back Mechanism

Standard Adjustable Mechanism

This is our standard adjustable mechanism for our adjustable beds. A strong and comfortable wooden slatted frame with 5 part motorised movement can hold up to 17 stones.

5yr Guarantee

Sizes: 2ft 6, 3ft, 4ft, 4ft 6, 5ft and 6ft.

Ultimo Mechanism

(Not available for Chatsworth bed)

The Ultimo frame has a total weight limit of up to 25 stones (standard). Standard frames take up to 17 stones. The Ultimo frame has thicker woodwork, slats, stronger metalwork and more powerful motors.

This frame can be installed into any of our adjustable bed surrounds, so choose the bed you like and add the cost of this frame.

5yr Guarantee

Sizes: 2ft 6, 3ft, 4ft, 4ft 6, 5ft and 6ft.

Carers' Hi-Low Mechanism

This carers' bed mechanism can be installed into most of our adjustable bed surrounds. The design allows for a person to be turned in bed at a comfortable height. It also assists the person to stand up from a seated position on the edge of the bed, in much the same way as a rise and recline chair works. Only the middle (flat) section can be to assist standing whilst the bed is in its profiled position. The mechanism can be raised and stopped at any point up to 18 inches from the starting height. It can be raised flat/horizontal for turning a patient or it can be raised in a profiled position (head and/or foot elevated). The minimum starting height can be 21½ inches from the floor to top of mattress. The standard starting height is 24 inches from the floor to the top of the mattress. Simply choose the bed you like and add the cost of this frame*.

5yr Guarantee Sizes: 2ft 6, 3ft, 4ft, 5ft and 6ft.

Slide Back Mechanism

(Not available for Chatsworth bed)

This mechanism means that you will be closer to your bedside table when the bed is raised fully at the back. The bed slides back towards the wall as the back of the bed rises.

This frame can be installed into any of our adjustable bed surrounds, so choose the bed you like and add the cost of this frame.

5yr Guarantee

Sizes: 2ft 6, 3ft, 4ft, 4ft 6, 5ft and 6ft.

Headboards

Why not add a luxury deep padded headboard to your new adjustable bed? Normally a headboard will match the material of your chosen bed. With Laybrook you can choose the style, size and colour of your headboard. Simply choose from each of the options below.

Style

Traditional Buttoned Headboard

Traditional Non-Buttoned Headboard

Squared Headboard

Size

Choose from: 2ft 6, 3ft, 3ft 6, 4ft, 4ft 6, 5ft, 6ft

Leg Lifter

The electric powered Leg Lifter assists the user in getting their legs up onto the bed with little effort. It has been developed to be used with our electric adjustable beds, you can have the head section raised whilst lifting the legs to stop you falling back. Simply press the button and air fills bags under the leg lifter to raise your legs. This is perfect for people with chronic Oedema, muscle problems or hip or knee joint problems.

Bedside Tables

How about a beautiful bedside table to match your new adjustable bed? *Please contact us for more information.*

7 DAY TRIAL TERMS & CONDITIONS: Trial for seven nights on standard beds. If you change the specification of the bed it will become a 'special order' and will take up to 1 week longer to make and deliver. The full refund on the bed does not apply to 'special orders', however the exchange of mattress is still applicable. Please contact us if you require further information and for full terms.

Additional Accessories

Wooden Overbed Table

The Deluxe Wooden Overbed table is a high quality over-bed table for use in multiple wards or care home locations. The base frame on the table allows it to be used with beds and chairs. Use of the gas damper offers stepless linear adjustment. The table has built in valves which prevent patients being trapped beneath the table if the bed is accidentally raised. It comes with a standard paint colour grey frame and a standard laminate colour top.

Overhead Support Pole

A sturdy overhead support pole, designed to help the user when rising to a sitting position. The base is placed under the bed for extra stability. The handle can be adjusted in height from 12 to 24". Suitable for users up to 18st.

Pullback Cot Side

Made so the user can lower them themselves by simply a slight push forward and pulling the back, they are specially made for our electric adjustable beds they as they fit to the side of the bed not under the mattress.

Joystick Remote

Laybrook is a leader in functionality for adjustable beds, this joystick control allows the user to adjust the head and foot of the bed only with the ease of the joystick. This feature is for the high low (vertical lift) mechanisms only.

Zipped Waterproof Cover

Two-way stretch material, waterproof and vapour permeable cover. Wipeable and machine washable up to 75 degrees. Covers encase whole mattress. Seams are welded and an end zip is stitched-in to the short end of cover where mattress is inserted.

Finance Options

7 ways we make your purchase more affordable.

Purchasing a Laybrook product should not be seen as an expense. It's really an investment in your health and comfort – and with any great investment, you can expect a healthy return. But we appreciate that it can seem costly at first sight. That's why we have introduced a finance option and some great added value to help with affordability and peace of mind.

1. Spread the cost of your purchase upto 12 months for 0% Interest

Simply pay the deposit and spread your payments over 12 months, so you pay zero interest! **To find out more, you must contact us by phone for an exact quotation, example below.**

Example: 0% Finance Over 12 Months.

If your bed costs £1500.00 and you put £450.00 down as a deposit and want to borrow £1050.00 over 12 months, you will pay £87.50 per month for 12 months.

The total you will have paid for your bed is £1500.00.

2. Save the VAT of 20%

You can save paying an extra 20% on your chosen bed if you have certain chronic medical conditions. We make this as simple as possible for you, "if you qualify there is no form filling and no VAT payment up front, you will sign a declaration upon delivery and leave the rest to us." There are severe penalties for signing if you do not qualify, if you are unsure please contact your local VAT office. For more information see: <https://www.laybrook.com/your-health>

3. Pay a 30% deposit and the bed is yours

We're confident that our products will be perfect for you. That's why you only need only pay a 30% deposit when you order to secure your bed and start your 7-night money back guarantee*. It's simple to pay on our website, by phone and even by post.

4. Includes delivery and set-up**

Your bed will be delivered and installed by our trained professionals and a full demonstration given – which means it will be perfect for your needs once we have left your home. *Excludes Chatsworth.*

5. Our unique 7-night money back guarantee

It's important that your bed is perfect for you, and that's why we offer our unique 7-night trial. What's more, if you choose to return the bed within this 7 days, then Laybrook will collect it for free too. *Excludes Turning beds & Lincoln Chair Beds & Special Orders. Terms apply.*

6. Free mattress exchange

All mattresses are made for your weight and how you would like the feel – soft, medium or firm. We offer a 14-night trial on all mattresses – and if you feel it is not suitable, you can call for a FREE exchange or an upgrade (charges apply to upgrades).

7. Ways we can take your old bed away

We can take your old bed away when we have delivered your new one for a small charge, saving you the hassle of disposal. Disposal of old beds costs £35.00 for a non-adjustable single bed, £95.00 for single adjustable bed, £65.00 for a non-adjustable double bed & £195.00 for a double adjustable bed.

**Excludes special orders to your specification, and Turning bed rentals.
For our full terms see <https://www.laybrook.com/terms-and-conditions>*

****Excludes Chatsworth** – Certain areas of the UK a delivery charge may apply, please contact our sales team for further information.

Laybrook.com
motion furniture

How to price your bed...

Step 1 - First you need to find the bed you like and which size you require. To make it easier we have listed the page that the bed appears in the brochure. **SEE EXAMPLE BELOW.**

Model	Page No:	2ft 6	3ft	4ft	4ft 6 Double	5ft Double	6ft Double	Dual 4ft 6	Dual 5ft	Dual 6ft
Dorchester	6	£945	£999	£1199	£1395	£1550	£1650	£1895	£1895	£1995
Thornbury	5	£945	£999	£1199	£1395	£1550	£1650	£1895	£1895	£1995

Step 2 - All beds come with a free Q-flex mattress. If you require a mattress upgrade then find the upgrade you require on page 5 of this price list and add that to the price of the bed.

Model	Page No:	
Memory mattress upgrade single	54	£150
Memory mattress upgrade double	54	£225

Step 3 - All beds come with a free standard adjustable mechanism. If you require an upgrade, find the mechanism you require on page 6 of this price list and add that to the price of the bed and mattress upgrade.

Model	Page No:	2ft 6	3ft	4ft	4ft 6 Double	5ft Double	6ft Double	Dual 4ft 6	Dual 5ft	Dual 6ft
Slide Back Mechanism	56	£495	£495	£595	£695	£795	£795	£795	£795	£795

Step 4 - If you require a headboard for your bed then choose the one you require on page 7 of this price list and add that to the price of the bed and mattress/mechanism upgrade.

Model	Page No:	2ft 6	3ft	4ft	4ft 6 Double	5ft Double	6ft Double	Dual 4ft 6	Dual 5ft	Dual 6ft
Modern Square	57	£89	£99	£119	£129	£139	£149	£129	£139	£149

Step 5 - If you wish to purchase any accessories or bed sheets/covers then find the ones you require on page 6 & 7 of this price list (Page 22 in brochure) and add that to the overall price. **SEE EXAMPLES BELOW.**

Bed Only Example price...
